Treasurer's Report

Local Coastal Plan: Liz Bar-El, Santa Monica Planning Department Manager

The Local Coastal Plan (LCP) is a plan for the City of Santa Monica going forward. If adopted it would limit the Coastal Commission's oversight of Santa Monica's decision-making with regard to planning in the coastal zone. (The Coastal zone extends from the shore line to 4th St. in our part of the City. At the southern end of the town it extends to Lincoln. It also includes the area marked in the new Downtown Community Plan.) The full plan is on the City's website. www.smgov.net/Departments/PCD/Plans/Local-Coastal-Plan-Update/

1. What is the process going forward?
2. What are the major issues in this more than 300 page document?
1. What are the concerns raised in the draft presented to the Planning Commission on July 18, 2018?
