Update on Santa Monica's Housing Element, Ellis Raskin, member of the Planning Commission

State Legislation SB-9 and SB-10 Update

New State Initiative: The Community Choice Initiative will amend the State Constitution to make zoning and land-use municipal affairs, and bring a halt to the centralized land-use and zoning coming out of Sacramento. One size does not fit all.

They are working hard to appear on the Nov. 7th, 2022 ballot by submitting the initiative to the State Attorney General for title and summary, and gathering the required signatures from registered voters to appear on the ballot. This is a grassroots effort by regular residents like yourself to make this happen and we need your help.
