Dear Commissioners –

Re: 22ENT-0179, 325 Georgina Street

The Board of the North of Montana Association (NOMA) encourages you to vote in support of the Landmark designation for 325 Georgina Avenue, item 6B on your agenda. As made clear in both the Staff Report and GPA Consultant report, this rare, well-preserved, beautiful home from 1911 meets multiple criteria for Landmark designation.

The applicant, Ms. Holtz and her family, deserve thanks and admiration for spending considerable time, effort, and resources to preserve this extraordinary home for generations to come. We trust the Commission will honor their efforts with full Landmark designation. It is truly a gift to our City.

Thank you for your consideration.

The NOMA Board
